7 Wk:

Litter Overall:

The Bubbles litter over all is confident and self-assured. They are socially appropriate with other dogs and one another. They show no stress when put into new situations, around new people, or in circumstances that would normally be considered stressful. They are curious and investigated with new sights and sounds showing no startling. They have good motivations for toys, food, and interaction. They have good focus, memory, and problem-solving abilities. The puppies are socially appropriate with their interactions and with people. They are very comfortable and tolerant of all handling and restraint. They are rarely vocal and when vocal only in appropriate situations. They rarely use their mouth and have a good bite inhibition. They have no red flags and show no possessiveness. Their energy levels range from mid to moderate. There is a lot of consistency in this litter with very few differences puppy to puppy.

Individual Notes:

Red has mid-level energy. She is very sweet and personable and works to interact with you. She is very gentle with handling and interaction. She is confident and self-assured. She is content to explore and play on her

own. Although, she prefers to be with people. She is curious and playful. She is motivated by interaction, food, and toys. She has no extremes of temperament but would be best suited in the home that will be engaging with her.

Health notes:

Red has no health notes.
