Individual Notes:

Carrera red dot is confident and self-assured. She shows no stress in new situations, around new people, or in circumstances that would typically be considered stressful. She reacts appropriately to new sights and sounds. This includes the sights and sounds that should be considered startling. She is curious and investigative. She has very good memory, focus, and problem-solving abilities for her age and stage of development. She has good motivations for interaction, food, and toys at fairly equal and balanced levels. She is socially appropriate in her interactions with litter mates, cats, other dogs, and with people. She rarely uses her mouth and has excellent bite inhibition when she does. She is also rarely vocal. The Carrera litter overall has no red flags and show no possessiveness. They are all comfortable and tolerant of handling and restraint. These puppies are very consistent with very few differences between them. They are all playful, curious, personable, and happy. They are bubbly, social, eager, and affectionate. The puppies are gentle with handling and interaction. Any of these puppies has potential for therapy work. They all have mid-level energy. The litter is well balanced and should adapt well in most any home.
