Individual Notes:

Iris Blue overall is confident and self-assured. He has mid to moderate energy. He is social, eager, engaging, personable and affectionate. He is also very happy, playful, and bubbly. He is comfortable and tolerant of handling and restraint. He can be a little wiggly with handling, but it is just due to excitement. He is curious, but also content to play on his own. He shows no stress in new situations, around new people or in circumstances that are considered stressful. He reacts appropriately to new sights and sounds, including those that would be considered startling. He has a good memory, focus and problem-solving abilities average to his age and stage of development. He also has good motivations for interaction and food with a interest in toys. He is socially appropriate in his interactions with his litter mates, other dogs, cats and

people. He has no red flags in his personality and shows no possessiveness. All of these puppies are very well balanced and should adapt well into most any home.

Health notes:

Blue has no health notes.
