7 Wk:

Individual Notes:

Montana red is very confident and self-assured. She shows no stress in new situations, around new people, or in circumstances typically considered stressful. She is socially appropriate in her interactions with litter mates, cats, and with other dogs. She is curious and investigative with new sites and sounds, including those that should be considered startling. She is socially appropriate in her interactions with people. She has excellent bite inhibition when she does use her mouth to initiate or engage in play. These puppies overall have no red flags and show no possessiveness. They are all comfortable and tolerant of handling and restraint. They actively seek out this type of interaction. These puppies are fairly consistent with very few differences between them. Differences will become more pronounced as they have different learning and social experiences. All of these puppies have mid to moderate energy. They are bubbly, happy, social, and eager. They are playful.

Health notes:

Red has no health notes.
