Individual Notes:

Virginia Green is confident and self assured. He had mid to moderate energy. He shows some stress in new situations, but no stress around new people or in circumstances that are typically considered stressful. He is bubbly, happy, social and very confident. He is eager and engaging. He is also content to explore and play on his own while still being personable and engaging. He reacts appropriately to new sights and sounds. He is curious and investigative with those new sights and sounds, this includes sights and sounds which may be considered startling. Overall he has a good memory, focus and problem-solving abilities average for his age and stage of development. He has good motivations for interaction, food and toys at fairly equal and balanced levels. He has no red flags in his personality and shows no possessiveness. He is comfortable and tolerant of handling and restraint. He is socially appropriate in his interactions with his littermates, other dogs, cats and people. He is rarely vocal and when he uses his mouth to initiate or engage in play, he has have excellent bite inhibition. This litter overall is very consistent and well balanced. Green has good potential for therapy work and should adapt well into most any home.

Health notes:

Green has an umbilical hernia.
